

RISK ADJUSTMENT STRATEGY, PROGRAM ASSESSMENT OPTIMIZATION & ADVISORY

We provide risk adjustment strategy and program optimization support for health plans and provider organizations for Medicare Advantage, commercial ACA, ACOs and Medicaid. Through our comprehensive range of risk adjustment consulting, advisory and auditing services, ATTAC's industry experts identify opportunities, risks and areas for further program optimization to get the most return on your investment.

- ⊗ Remain competitive in a rapidly evolving marketplace
- ⊗ Quickly implement risk adjustment best practices and gain operational efficiencies
- ⊗ Achieve clarity on how to integrate risk adjustment into value-based care
- ⊗ Leverage new interoperability rules to enhance risk adjustment operations
- ⊗ Equip your team to succeed with timely, actionable and customized insights
- ⊗ Provider education program design and refinement
- ⊗ EHR access and bi-directional data sharing strategy
- ⊗ Review of risk adjustment program coding standards
- ⊗ Reduce the risk of reputational harm due to negative risk adjustment findings
- ⊗ Bring risk adjustment to the forefront of your organization with actionable strategies for every department in support of risk adjustment
- ⊗ Member and provider engagement strategies
- ⊗ Prospective and retrospective targeting, efficacy and oversight
- ⊗ End-to-end assessment of encounter extraction, submission, and error correction process

Talk with us about how we can help you implement effective and compliant risk adjustment programs.
